

# Proven Patient Satisfaction

In a new world of HCAHPS data reporting, InfuSystem patient satisfaction scores are proven to be high. With daily patient monitoring, InfuSystem also tracks pain scores from day-one, making those scores available to you, securely, online, anytime.

## High Scores

- InfuSystem patients report monthly average satisfaction scores of 9.5+ out of 10\*

## 24/7 Patient Support

- 24/7 RN-staffed clinical pump support hotline
- Daily monitoring of patient pain relief

## Safety Builds Satisfaction

- Accurate infusion rates
- Audible safety alerts
