Patient Emergency Action Plan:

If you are in immediate danger, please call 911.

In the event of an emergency or natural disaster in your area, please be aware of the following items:

- Keep extra bottled water on hand.
- If you are able to get to a safe area, do so as soon as possible.
- If you are unable to call your doctor's office and have a question about your pump, please call InfuSystem at: 1-844-534-1997. For any other questions, please call InfuSystem at: 1-800-962-9656.
- If you need to evacuate, a hospital will be better equipped to care for you than a Red Cross shelter.
- Your pump service will not be interrupted.
- InfuSystem has access to emergency resources to assist you.

****STATE OF FLORIDA RESIDENTS**** The Florida Division of Emergency Management, in coordination with each local emergency management agency in the state, developed a registry to allow residents with special needs to register with their local emergency management agency to receive assistance during a disaster. The statewide registry provides first responders with valuable information to prepare for disasters or other emergencies. If you require such assistance in the event of an emergency, please register at: <https://snr.floridadisaster.org>.
