**Sanara MedTech**  
Evidence Based Healing

## InfuSystem's Wound Care Therapy Program Is Your Source for Simple, Reliable and Effective Wound Healing Across the Care Continuity

Our Wound Care Program provides simple, cost-saving options to improve patient outcomes and support successful wound management. We support the patient's journey in all care settings, including hospitals, physician offices, skilled nursing facilities, wound care centers and home settings. Our dedicated team is here to help every step of the way.

### Home First<sup>®</sup> Wound Care Kit for Easy Discharge

The Home First Kit provides the NPWT pump and associated supplies needed for at-home therapy after discharge. Our dedicated team provides 365-day support to your patients, and we even ship the monthly balance of supplies directly to your patient or other specified locations.

### Trusted NPWT Devices To Optimize Therapy

The Home First Kit provides NPWT devices that are powerful, precise and portable to allow patients to achieve results while maintaining mobility. Our suite of NPWT devices is designed to provide gentle powered suction to treat and promote wound healing by aiding in removing excess exudates, infectious materials and tissue debris.

The kit comprises three essential components that actively work together to promote wound healing: **the NPWT Pump, NPWT Canisters and the NPWT Wound Dressing Kit.**

### Focused Patient Care and Pump Support

InfuSystem provides excellent support for wound therapy patients during their transition home. We are here to assist patients with reviewing insurance benefits, progress monitoring and additional supply orders.

- 24/7 Nursing Hotline for pump-related patient support
- Clinical staff support

# ADVANCED WOUND CARE PRODUCTS

- **BIAKÖS™** Antimicrobial Skin & Wound Cleanser
- **BIAKÖS™** Antimicrobial Wound Gel
- **BIAKÖS™** Antimicrobial Skin & Wound Irrigation Solution
- **CellerateRX®** Gel
- **HYCOL®** Hydrolyzed Collagen Powder

## BIAKÖS™ Antimicrobial Products

**Rapidly Eliminates Biofilm Microbes –**  
A synergistic formulation that helps to remove microbes from the wound bed to eliminate planktonic, immature and mature biofilms, and create an environment conducive to healing.

## HYCOL® Hydrolyzed Collagen Powder and CellerateRX® Gel

**The Hydrolyzed Collagen Difference –**  
Approximately 1/100th the size of native collagen, HYCOL Hydrolyzed Collagen and CellerateRX® Gel are ideal for managing acute and chronic wounds except third-degree burns.

### Patient Benefits

- ✓ Improved Clinical Outcomes
- ✓ Reduced Overall Cost of Care
- ✓ Increased Patient Satisfaction
